

# FORKLIFT OPERATORS' & SAFETY TRAINING PROGRAMMES

## THINK SAFETY! ACT SAFETY!

- 100% Reimbursement from PSMB (SBL Scheme)
- Enhance Safety Awareness for Forklift Operators
- Accident Prevention
- Operators' Motivation
- Upgrading Operators' Driving Skill
- Increase Productivity & Efficiency

## THE TRAINING PROGRAMME

We are the pioneer in Malaysia with dedicated training circuits in Shah Alam, Butterworth, Johor Bahru and Kuantan. Our training programmes are available for both basic and beginner levels, registered with Pembangunan Sumber Manusia Berhad (PSMB). These training programmes help you to enhance your forklift operators' skills in material handling operations, at the same time increase their productivity and efficiency.

### OBJECTIVES

- 1) To train forklift operators on the principles of operation, safe driving and hazard awareness in the working environment
- 2) To instil pre-operation inspection and proper maintenance habits
- 3) To comply to the Occupational Safety and Health Act requirements
